

Dear Sir,

Pakistan Association of Petroleum Geoscientists (PAPG) and Society of Petroleum Engineers (SPE) Pakistan Chapter will be holding the 23rd Annual Technical Conference (ATC, 2016) on 22nd and 23rd November 2016 at Serena Hotel, Islamabad, Pakistan. ATC will be preceded by two Pre-Conference Courses and a Geological Excursion trip on 21st November 2016. ATC had been remained the most prominent and regular Petroleum Industry event during the past decades and had been attracting a large gatherings of Industry professionals, scientists, academia and related business community. Holding such a mega events had been possible only with the generous support from the Petroleum E&P and Services companies operating in Pakistan. Likewise ATC 2016 is expecting a participation of over one thousands delegates both from home and abroad.

The theme for this year conference is "Oil Price! Domestic Challenges and E&P Strategies". Federal Minister for Petroleum & Natural Resources will be inaugurating the conference.

The ATC organizing committee had a luncheon Meeting on 6th October 2016 at Serena Hotel Islamabad and shared the conference program while seeking your guidance and support to make the conference worthwhile. Being a continuous supporter for many years your contribution in the event sponsorship would be very appreciated
Conference overview was presented by Chairman ATC 2016 and following events were committed to sponsors by the CEO/ Representatives of companies' participants.
